

JOHN JACOBS / SHELBY FUTCH
GOLF ACADEMY

Better Health, Better Swing, Better Scores

Looking to rid yourself of the dreaded slice or hook, gain more distance, lower scores and be more consistent with your game overall? Our programs are ideal for the beginner all the way to the advanced players looking to improve their games for the upcoming year. Using state of the art 3D and video technology through the use of K-VEST, eliminates guesswork and helps build a repeatable efficient golf swing from the ground up.

- 1) Meet with PGA Professional Albert Murdock to discuss your goals.
- 2) Have your swing captured using K-VEST technology
- 3) Complete your golf-specific physical assessment to learn about your body and swing connection.
- 4) Communicate the results, including a swing analysis and physical assessment, and recommend a customized game improvement program.
- 5) Choose your game improvement program package.

Programs begin at \$270.00 for 6 sessions
